

Contact and Registration

Registration fee:

NGFN members	50,- €
Non-members	100,- €
Students	50,- €

Please register online at

www.rnai.ngfn.de **before September 15, 2006.** The conference language is English.

International Symposium RNAi *in vivo* Technologies

05. & 06. October 2006
Germany

National Genome
Research Network

Topics

RNA interference
in invertebrates

RNAi applications
in mammals

Viral delivery of
RNAi molecules

In vivo RNAi electroporation

RNAi transgenic animals

Confirmed Speakers

Y. Akaneya, University of Osaka
M. Boutros, DKFZ Heidelberg
J. Cryan, University College Cork
B. Herrmann, MPI-MG Berlin
S. Hoepfner, MPI-CBG Dresden
W. Huttner, MPI-CBG Dresden
J. Kjems, University of Aarhus
S. Kuegler, University of Goettingen
R. Kuehn, GSF Munich
H. Lickert, GSF Munich
E. Miska, Gurdon Institute Cambridge
A. Nagy, SLRI Toronto
A. Pfeifer, LMU Munich
C. Raoul, EPFL Lausanne
J. Seibler, Artemis GmbH Cologne
E. Stoeckli, University of Zurich

Invitation

Welcome to SMP RNAi's International Symposium "RNAi *in vivo* Technologies"! This conference intends to give an overview of today's state-of-the-art RNA interference (RNAi) technologies for the elucidation of gene functions *in vivo*. All lectures will be presented by internationally leading scientists in the field of RNAi and will cover a wide range of current *in vivo* RNAi-related topics. Furthermore, this event aims at giving young investigators/ junior researchers the opportunity to present their current results to an international scientific audience. I hope that this conference will offer many opportunities for exciting discussions with colleagues and participants, and will serve as forum for the advancement of RNAi research in Germany and the world.

See you in Munich,

Prof. W. Wurst
(Coordinator of the SMP RNAi)

Call for Abstracts

Scientists are invited to submit abstracts relating to RNAi-relevant fields. Abstracts will be selected by the Scientific Committee for either oral or poster presentation. An abstract book will be distributed at the meeting.

Especially junior researchers (PhD students and Post-Docs) are encouraged to present their current results.

Please follow abstracts submission guidelines which can be found on www.rnai.ngfn.de.

Abstracts can be submitted via email (duehmert@rna-network.com) or fax (+49 (0)30 844 166 11).

**Abstract Submission Deadline
September 15, 2006**
